Profile

Dynamic and detail-oriented Senior Front-End Developer with 6 years of extensive experience in designing, developing, and maintaining responsive web applications. Proficient in leveraging modern JavaScript frameworks and libraries, such as React, Angular, and Vue.js, to deliver high-quality user experiences. Strong expertise in HTML5, CSS3, and JavaScript, along with a solid understanding of RESTful APIs and web performance optimization techniques. Proven ability to collaborate effectively with cross-functional teams to translate business requirements into technical solutions. Passionate about staying updated with industry trends and best practices to drive innovation and efficiency in development processes.

Professional Experience

2019/10 – 2020/03

Da Nang, Vietnam

Front End Developer

Hekate Technology

- Developed dynamic web applications using modern front-end frameworks (e.g., React or Vue.js) to improve product functionality and user engagement.
- Spearheaded the implementation of optimization techniques, resulting in a 20% increase in website performance and loading times.
- Worked closely with back-end developers to integrate APIs and ensure seamless data flow between front-end and server-side applications.

2018/09 – 2019/09

Da Nang, Vietnam

Front End Development Intern

Hekate Technology

- Assisted in the development and maintenance of user-friendly web applications, focusing on enhancing the overall user experience.
- Collaborated with the design team to implement responsive designs and web standards across multiple projects.
- Gained hands-on experience with HTML, CSS, and JavaScript, contributing to the successful launch of key features within project deadlines.

2020/04 – 2022/02

Kagawa, Japan

Front End Developer

Onyx Team

- Led the front-end development of various projects, employing best practices in code quality and reusability while participating in code reviews.
- Enhanced website accessibility and responsiveness, ensuring compliance with web standards to improve user experience across devices.
- Collaborated with cross-functional teams to gather requirements and deliver high-quality solutions in an Agile environment, resulting in increased customer satisfaction.

2022/05 – 2024/05

Toronto, Canada

Full Stack Developer

Wombo

- Designed and implemented end-to-end solutions for web applications, utilizing both front-end technologies (React, Angular) and back-end frameworks (Node.js, Express).
- Streamlined development workflows by incorporating DevOps practices, improving deployment processes and reducing downtime.
- Conducted user testing and gathered feedback, continually iterating on the product to meet user needs, ultimately contributing to a significant increase in user retention.

Education

2014/04 – 2018/09

Bachelor of Computer Sicence
Hanoi University of Science and Technology

Skills

Programming Languages

● ● ● ● ●

C++, JAVA, CSS, Python, Dart, JavaScript, HTML, Solidity, SQL

Web Service

● ● ● ● ●

REST, JSON, Firebase, SEO, Google Cloud, AWS

Coopereatings

● ● ● ● ●

Responsibility, Team Work, Problem Solving, Self Motivator, Fast learner, Leadership, Time & Task Management

Frameworks

● ● ● ● ●

React, Vue.js, Angular, Laravel, Flutter, Typescript, Node.js, Web3.js, Django

Database

● ● ● ● ●

MySQL, MongoDB, PostgreSQL, AWS DynamoDB, SQLite
